

NINJA ZONE CLASS SCHEDULE 2018-2019

Annual Membership Fee \$40 per child (September 2018-August 2019)

Terms and Tuition: Tuition is paid monthly (the first day of each month). All students are automatically enrolled each month until the academic session ends. You may withdraw and re-enroll at any time throughout the year. The academic session is a total of 40 weeks from September through June. Some months have less than 4 weeks and some months have more than 4 weeks, over the course of the academic session you get 40 weeks. Summer session is 8 weeks and requires a re-enrollment for classes as class times and days change for the summer months and is not automatic. We do offer rescheduling for missed classes. Rescheduling must be done within 30 days of the original absence date. There are no tuition adjustments for missed classes. Classes with less than 5 students are subject to closure.

BABY NINJA (16 months stable walkers-3 year old with parent) (45 minute class)

Baby Ninja is the newest class to hit NinjaZone! In an organized, yet playful structure, this parent and tot class is the perfect way to socialize your child, allow them to learn and understand what it means to follow instruction, and of course, get them moving! These classes follow our Ninja theme (of course!), and the skills required to master the course include fundamental movement, coordination, fine and gross motor skill development, and our NinjaZone character-building component. Baby Ninja allows your child to play, have fun, bond with their Ninja grown-up, and learn body awareness. Baby Ninjas will be introduced to simple vocabulary, color words, numbers, and more! Baby Ninja is for stable walkers through age 3. Baby Ninja classes prepare your child for the next phase of Ninja Sport, so by the time they are old enough to enroll in Lil' Ninja classes, they'll be ahead of the game!

Tuesday 10:30-11:15

LIL' NINJA (3-4.5 year old) (45 min. class)

Lil' Ninjas will be introduced to the basic Ninja skills such as Ninja rolling, wall running and basic kicking and punching techniques. Ninjas will develop strength, overall body control and coordination. Ninjas will also work on listening, following directions and taking turns.
